CITY OF WICHITA, KANSAS
POOLED FUNDS INVESTMENT POLICY

I. Policy

It is the policy of the City of Wichita that, giving due regard to the safety and risk of investment, all available funds shall be invested in conformance with legal and administrative guidelines and, to the maximum extent possible, at the highest rates obtainable at the time of investment, while meeting the daily cash flow demands of the City of Wichita. This policy is intended to establish principles and basic procedural guidelines for the City's investments and management of such funds.

II. Scope

This investment policy applies to all financial resources of the City of Wichita, other than funds of the pension trust held by the Pension Boards' custodian, the cemetery permanent fund, the special assessment advance payments agency fund, and such funds excluded by law, bond indenture or other Council-approved covenants which are covered in separate investment policies.

The City of Wichita maintains a pooled funds investment strategy. The intent of the pooled investment strategy is to optimize revenue through the pursuit of effective cash management, thereby providing basic liquidity while taking advantage of longer investment horizons. Pooled funds are accounted for by the City's Department of Finance and the Controller's Office, as represented in the City of Wichita Comprehensive Annual Financial Report and include:

- General Fund
- Special Revenue Funds
- Debt Service Funds (unless prohibited by bond indentures)
- Capital Projects Funds
- Enterprise Funds
- Internal Service Funds
- Fiduciary Funds
- Any new fund created, unless exempted by the City Council

The City Treasurer's Office maintains the accounting for investment transactions representing the total pooled funds portfolio.

III. Objectives

The City's pooled investment portfolio shall be designed and managed in a manner responsive to the public trust and consistent with state and local law. The primary objectives, in priority order of the City's investment activities, shall be as follows:

A. Safety of Principal

Safety of principal is the foremost objective of the investment program. Investments of the City of Wichita shall be undertaken in a manner that seeks to ensure preservation of capital in the overall portfolio, while mitigating credit and interest rate risk.

Credit Risk

The City will minimize credit risk, which is the risk of loss associated with the failure of a security issuer or broker, by:

1. Limiting investments to the safest types of securities.
2. Pre-qualifying the financial institutions, brokers/dealers, intermediaries, and advisers with which the City will do business.
3. Diversifying the investment portfolio so that potential losses on individual securities will be minimized.

Interest Rate Risk

The City of Wichita will minimize the risk that the market value of securities in the portfolio will fall due to changes in general interest rates, by:

1. Structuring the investment portfolio so that securities mature to meet cash requirements for ongoing operations, thereby avoiding the need to sell securities on the open market prior to maturity.
2. Investing funds primarily in shorter-term securities.
3. Diversifying investments by investing among a variety of securities offering independent returns.

B. Liquidity

The City of Wichita pooled investment portfolio will remain sufficiently liquid to meet all operating requirements that might be reasonably anticipated. This is accomplished by structuring the portfolio so that securities mature concurrent with cash needs to meet anticipated demands. A portion of the portfolio may be placed in investments which offer one-day liquidity for short-term funds, such as repurchase agreements or the Kansas Municipal Investment Pool.

C. Return on Investments

The City of Wichita pooled investment portfolio shall be designed with the objective of attaining a benchmark rate of return throughout budgetary and economic cycles, taking into consideration investment risk constraints and the cash flow characteristics of the portfolio. Return on investments is of secondary importance, compared to the safety and liquidity objectives described above.

IV. Authority

In accordance with Chapter 2.18 of the City Code, the City Manager is directed to arrange for the investment of funds not needed for current obligations and the Director of Finance has management responsibility for the investment program. The Director shall establish written procedures for the operation of the investment program consistent with this investment policy. Such procedures shall include explicit delegation of authority to persons responsible for investment transactions.

No person may engage in an investment transaction for the City of Wichita, except as provided under the terms of this policy and the procedures established by the Director. The Director shall be responsible for all transactions undertaken and shall establish a system of controls to regulate the activities of subordinate officials.

The investment policy adopted by the City of Wichita shall apply uniformly to all officials, employees, departments, agencies, boards, commissions, representatives and authorized agents in the performance of their official duties and to the processing and management of all investment transactions of the City's pooled funds portfolio. All participants in the investment process shall seek to act responsibly as custodians of the public trust. Investment officials shall avoid any transactions that might impair public confidence in the effectiveness of the government of the City of Wichita.

V. Prudence

Investment officials acting pursuant to this policy shall be subject to the “prudent investor rule”, as set forth in the Uniform Prudent Investors Act, K.S.A. 58-24a01 *et seq.* and amendments thereto that shall be applied in the context of managing an overall portfolio. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, not for speculation, but for investment, considering the probable safety of their capital as well as the probable income to be derived. The investment officers, when adhering to written procedures and exercising due diligence, shall not be held personally responsible for a specific security's credit risk or market price changes, provided any deviations from expectations are reported to management in a timely manner and any necessary action is taken to control adverse consequences to the City.

VI. Ethics and Conflicts of Interest

Officers and employees involved in the investment process shall refrain from personal business activity that could conflict with proper execution of the investment program, or which could impair their ability to make impartial investment decisions. Employees and investment officials shall disclose to the City Manager and City Attorney any material financial interests in financial institutions that conduct business with the City of Wichita, and they shall further disclose any large personal financial/investment positions that could be related to the performance of the City's portfolio. Employees and officers shall subordinate their personal investment transactions to those of the City, particularly with regard to the time of purchases and sales.

VII. Pooled Investment Committee

The City of Wichita shall establish a Pooled Investment Committee to review and provide oversight regarding administration of the investment policy. The investment committee shall meet not less than annually and shall consist of the following members:

- Director of Finance
- Budget Officer
- City Treasurer
- Controller
- Cash Manager
- Other appointees, as designated by the Director of Finance

The Investment Committee shall review investment policies and procedures for compliance and adopt revisions to the Investment Operating Guidelines. Minutes of the committee meetings shall be available for review by both the internal and external auditors.

VIII. Internal Controls

In the development of the system of internal controls, consideration shall be given to documentation of strategies and transactions, techniques for avoiding collusion, separation of functions, delegation of authority and limitations of action, custodial safekeeping, and avoidance of bearer-form securities.

The internal control framework and compliance with investment policies and procedures shall be reviewed in connection with the annual audit of the City's financial statements performed by an independent certified public accounting firm.

IX. Management Fees

To support the costs of managing the City's investment pool, the Director of Finance is authorized, upon approval by the City Manager, to assess a management fee to the funds. This management fee shall be deducted from interest earnings before allocation to the funds. The management fee shall be established to cover all costs involved in managing the investment operations. The current pooled investment management fee is established in the Investment Operating Guidelines.

X. Investment Earnings

An aggressive cash management and investment strategy shall be pursued to take advantage of investment earnings as a viable and material revenue source to operating and capital funds. Although interest income is included as a revenue source in the City budget, the investment policy and program is not administered to meet specific budgetary requirements or goals.

All moneys earned and collected from investments authorized in this policy shall be credited or charged to the appropriate funds/projects of the City, as determined by the cash position of each fund/project and in accordance with the budget as adopted by the City Council or otherwise directed by law. It is unlawful for the City to create indebtedness (borrow) in excess of the amount of funds actually on hand in the treasury, except for the following cases:

- A. payment has been authorized by a vote of the electors of the municipality;
- B. provision has been made for payment by the issuance of bonds or temporary notes - including all capital projects (general, special assessment, and enterprise fund types);
- C. provision has been made for payment by the issuance of no-fund warrants;
- D. provision has been made for a revolving fund for the operation of any municipal airport financed and sustained partially or wholly by fees, rentals, proceeds from the sale of merchandise or charges for rendering services, received from the users of such airport;
- E. provision has been made for payment pursuant to a service agreement entered into pursuant to K.S.A. 12-5503 (a municipality may enter into a service agreement for a term not to exceed 30 years).

XI. Authorized Investments

The investments authorized under this policy shall be in accordance with K.S.A. 12-1675, K.S.A. 12-1677b and any other applicable statutes or ordinances and amendments thereto. The following list represents the types of investments that the City will consider and shall be authorized to invest in.

- United States Treasury and Agency Securities: The City may invest in obligations of, or obligations that are insured as to principal and interest by, the United States of America or any agency thereof and obligations and securities of United States sponsored enterprises which under federal law may be accepted as security for public funds, except that none of the City's funds may be invested in mortgage-backed securities.
- Repurchase Agreements (Repo): The City may invest in repurchase agreements with banks, savings and loan associations and savings banks which have main or branch offices located in the city of Wichita, or with a primary government securities dealer which reports to the market reports division of the Federal Reserve Bank of New York for direct obligations of, or obligations that are insured as to principal and interest by, the United States government or any agency thereof and obligations and securities of United States government sponsored enterprises which under federal law may be accepted as security for public funds. Such repurchase agreements may be made only with institutions that have entered into fully executed master repurchase agreements on file with the City. The market value of the securities underlying any repurchase agreement shall be maintained with a market value of at least 105% of the amount of the repurchase agreement. If the market value of the securities falls below 105% of the amount of the repurchase agreement, additional securities shall be required to attain full security.
- Collateralized Public Deposits (Certificates of Deposit): The City may invest in instruments issued by any bank, savings and local associations and savings banks which have main or branch offices located within the city of Wichita stating specified sums have been deposited for specified periods and at specified rates of interest. The certificates of deposit are required to be backed by acceptable collateral securities as dictated by state statute and further restricted by this investment policy. The maximum dollar amount invested in Certificates of Deposit in any one bank shall never exceed four percent (4%) of the pooled funds portfolio. Interest will be calculated on a 365-day year/actual day month basis, or another method approved by the Director of Finance or designee in writing.
- Temporary Notes or No-Fund Warrants: The City may invest in temporary notes or no-fund warrants issued by the City of Wichita.
- State Municipal Investment Pool: The City may invest in a pool of funds that is managed by and under the authority of the Pooled Money Investment Board established by K.S.A. 12-1677a and amendments thereto.
- Multiple Municipal Client Investment Pools: The City may invest with trust departments of banks which have main or branch offices located in Sedgwick County, or with trust companies incorporated under the laws of the Kansas which have contracted to provide trust services under the provisions of K.S.A. 9-2107, and amendments thereto, with banks which have main or branch offices located in Sedgwick County. These accounts will be secured as provided for under K.S.A. 9-1402 and amendments thereto. Authorized investments in these pools will be subject to the same terms, conditions and limitations as are applicable to the State Municipal Investment Pool established by K.S.A. 12-1677a and amendments thereto.

It is the practice of the City of Wichita to retain expanded investment authority under K.S.A. 12-1677b. Expanded investment authority authorizes the City to extend maturities from two years to four years and allows the City to further diversify the portfolio by investing in government agency securities. The authorized investments and maturity structure defined in this policy are contingent on the City's ability to retain expanded investment powers.

XII. Investment Parameters

A. Diversification

It is the policy of the City of Wichita to diversify its investment portfolio by security type and institution to reduce overall portfolio risk, protect from material losses due to issuer defaults, market pricing changes, technical complications leading to temporary lack of liquidity, or other risks resulting from an over-concentration of assets in a specific maturity sector, a specific issuer, or a specific class of securities. Investments shall be diversified by:

- Limiting investments to avoid over-concentration in securities from a specific issuer or business sector (excluding U.S. Treasury securities);
- Limiting investment in securities that have higher credit risks;
- Investing in securities with varying maturities; and
- Continuously investing a portion of the portfolio in readily available funds, such as the Kansas Municipal Investment Pool, money market funds or overnight repurchase agreements to ensure that appropriate liquidity is maintained in order to meet ongoing obligations.

The following maximum limits, by instrument, are established for the City's pooled funds portfolio:

	Minimum	Maximum
<i>Instrument</i>		
Demand Deposit / Repurchase Agreements	-	5%
Kansas Municipal Investment Pool	-	15%
Certificates of Deposit	-	100%
Temporary Notes	-	10%
Treasury Securities	-	100%
U.S. Agency Bullet/Discount Securities	-	95%
Bullet/Discount	-	95%
Agency Callable	-	30%
Agency Floater	-	10%
<i>Concentration</i>		
Maximum CD's of one issuer to total portfolio		4%
Maximum single agency issuer to total portfolio		40%
<i>Maturity</i>		
Less than 6 months	25%	65%
6 months to 12 months	15%	50%
1 year to 4 years	10%	60%
Weighted Average Maturity (days)	125	400
Modified Duration (years)	.3	1.4

To allow efficient and effective placement of proceeds from bond sales and County tax distributions, the limit on repurchase agreements and State MIP deposits may be exceeded up to fifty percent (50%) for a maximum of ten days following receipt of proceeds during adverse market conditions. To allow for investment maturity timing prior to bond payment dates, the limit on repurchase agreements and State MIP deposits may be exceeded up to the amount of the bond payment for a maximum of five days prior to a bond payment date.

B. Maximum Maturities

Investment maturities shall be scheduled in consideration with projected cash flow needs, taking into consideration large routine expenditures, as well as sizeable blocks of anticipated revenue. Maximum maturities for investment of funds under this policy shall be in accordance with K.S.A. 12-1675, K.S.A. 12-1677b, and any other applicable statutes or ordinances and amendments thereto. Maximum maturities by investment type are established as follows:

Type of Investment	Maximum Maturity
U.S. Treasury and Agency Securities	Four (4) years
Repurchase Agreements	Four (4) years
Collateralized Public Deposits (CDs)	Four (4) years
Temporary Notes/No-Fund Warrants	One (1) year
State Municipal Investment Pool	Two (2) years
Multiple Municipal Client Pools	Two (2) years

The sale of securities prior to maturity shall require the prior approval of the Director of Finance based on the following reasons:

- A security with declining credit may be sold prior to maturity to minimize the loss of principal.
- A security swap to improve the quality, yield, or target maturity of the portfolio.
- Liquidity needs requiring that a selected security be sold.

In the event of an unforeseen liquidity crisis, the current holdings of the portfolio shall be reviewed by the City Treasurer to determine particular investment securities suitable for sale prior to maturity, taking into consideration existing future cash flow requirements, to minimize potential losses. Securities identified for liquidation shall be approved by the Director of Finance prior to sale.

XIII. External Investment Pools

Prior to investing in any externally managed pool, including the State Municipal Investment Pool or Multiple Municipal Client Investment Pools, the City shall conduct a thorough investigation of the pool’s operations. The following information regarding the management of the pool shall be maintained on file in the City Treasurer’s Office and updated annually:

- A description of eligible investment securities, and a written statement of investment policy and objectives.
- A description of interest calculations, interest distribution methods, and treatment of losses.
- A description of how the securities are safeguarded (including the settlement processes), and how often securities are priced and the program is audited.
- A description of who may invest in the program, how often, and minimum and maximum amounts for deposit and withdrawals.
- A schedule for receiving statements and portfolio listings.
- A review of the pool's usage of reserves and retained earnings.
- A fee schedule, including when and how fees are assessed.
- Determination of whether the pool is eligible for deposits of bond proceeds.

XIV. Derivatives

Derivatives, defined as securities whose value relies on or is derived from an underlying security or index, are not authorized investments for the pooled funds portfolio. Exceptions to this policy statement are the following securities:

- U.S. Treasury Strips
- U.S. Treasury or Agency callable securities
- U.S. Treasury or Agency floating rate securities

These securities will meet all other policies and guidelines. Leveraging of the portfolio is strictly prohibited.

XV. Performance Standards and Reporting

The investment portfolio shall be designed with the objective of obtaining a benchmark return throughout budgetary and economic cycles, commensurate with the investment risk constraints and cash flow needs. The benchmark for the portfolio consists of the average return on the three-month U.S. Treasury Bill. This index is considered the benchmark for investment transactions with minimum risk and, therefore, is a minimum standard for the portfolio rate of return.

Following the primary objective of preservation of capital, the investment portfolio shall be actively managed to take advantage of market opportunities. In so doing, negotiable securities may be sold prior to their maturity to provide liquid funds as needed for cash flow purposes, to enhance portfolio returns, or to restructure maturities to increase yield and/or decrease risk. In practice, however, it is generally a hold to maturity portfolio.

Performance Evaluation Methodology

The value of the pooled investment portfolio's holdings shall be calculated and reported in three ways: market value, par value and amortized cost.

The earnings of the pooled funds portfolio shall be calculated and reported based on generally accepted accounting principles for pooled funds investments of local government units.

The yield on the pooled funds portfolio shall be calculated and reported as the yield to maturity. This calculation takes into account the face value (par), price paid, coupon rate and time to maturity.

Investment Reporting and Performance Analysis

Investment performance is continually monitored and evaluated by the Cash Manager and the City Treasurer using investment strategies developed by the Pooled Investment Committee and this policy, in conjunction with the Pooled Funds Investment Operating Guidelines. The Cash Manager generates monthly investment performance statistics and activity reports. The Director of Finance will provide summary information to the City Manager and the City Council as part of the Quarterly Financial Report.

The Cash Manager and City Treasurer shall prepare monthly, quarterly, and annual reports summarizing and supporting the investment activity for the prior period. Additional comparative performance reviews will be conducted, as the Pooled Investment Committee deems necessary. The Pooled Investment Committee shall be responsible for developing specific reporting guidelines, detailed in the Pooled Funds Investment Operating Guidelines.

The pooled funds investment portfolio will be reviewed annually by the external auditors for compliance with these policies and generally accepted accounting principles.

XVI. Collateralization

A. Initial Placement

Moneys to be deposited in financial institutions shall not be released until the financial institution's board has executed the required Collateral and Custodial Agreements.

Deposits in depository institutions doing business with the City of Wichita shall be fully collateralized at all times. Acceptable collateral for City deposits is listed below as provided in K.S.A. 9-1402. The City does not accept all forms of collateral authorized by Statute. Only the types listed below are acceptable collateral to the City of Wichita.

Collateral shall be priced on a market value basis. The aggregate market value of the collateral must be sufficient to equal the outstanding amount of City funds deposited, plus accrued interest thereon, less federal deposit insurance coverage. The depository bank shall ensure that deposits and accrued interest are always sufficiently collateralized. Sufficiency of collateral values will be validated by the City Treasurer's Office.

If a depository bank fails to meet requirements established by the City, the depository bank shall be required to close the account and return to the City all principal and accrued interest without penalty.

B. Collateral Requirements

Financial institutions may pledge or assign for the City's benefit sufficient securities, the market value of which is at least 105% of the total deposits. Peak period collateral agreements permitted under K.S.A. 9-1403 and mortgages as contemplated by K.S.A. 9-1402 are not to be accepted by the City of Wichita. The allowable securities and forms of collateral acceptable to the City are limited to:

1. Direct obligations of, or obligations insured by, the U.S. government or any agency thereof.
2. Obligations and securities of U.S. sponsored corporations, which under federal law, may be accepted as security for public funds.

3. Bonds of any Kansas municipality, which has been refunded and is secured by U.S. obligations.
4. Bonds of the State of Kansas.
5. General obligation bonds of any Kansas municipality.
6. Revenue bonds of any Kansas municipality, if they meet approval by the State Banking (or Savings and Loan) Commissioner.
7. General obligation temporary notes of any Kansas municipality.
8. No-fund warrants of any Kansas municipality.
9. Certain Kansas municipality sponsored revenue bonds rated Aa or higher by Moody's Investors Service or AA by Standard & Poor's Corp.
10. Commercial paper that does not exceed 270 days to maturity and that has received one of the two highest commercial paper credit ratings by a nationally recognized investment rating firm.
11. Corporate surety bonds approved by the Kansas Commissioner of Insurance and in the standard format acceptable to the City of Wichita, as follows:
 - a. The issuer of the surety bond shall be admitted and licensed to issue surety bonds in Kansas.
 - b. The City of Wichita shall be designated as the insured public depositor.
 - c. The issuer and the depository bank are required to notify the City of Wichita by certified or registered mail no fewer than 90 days prior to non-renewal and no fewer than 45 days prior to a bond's cancellation.
 - d. The claims-paying ability of the issuer must be rated and remain rated in the highest rating category of one of the nationally recognized rating agencies ("A++" or "A+" from A.M. Best Company or "AAA" from Standard and Poor's). Within 48 hours of discovery of a downgrade by a rating agency or notice of financial regulatory action by any jurisdiction in which the issuer is licensed, notice must be given to the City Treasurer by the issuer in the form of certified or registered mail.
 - e. No more than \$5 million per depository bank or an aggregate of \$20 million for all depository banks can be collateralized in the form of surety bonds.
 - f. The issuer is required to send quarterly reports to the Office of the City Treasurer listing all depository banks that have purchased a surety bond for deposits, the insured amount covering deposits of the City of Wichita, and the total insured amount per depository bank in Sedgwick County.
12. A personal bond in an amount, which is double the amount on deposit.
13. A letter of credit (LOC) issued by a U.S. sponsored enterprise that under federal law may be accepted as security for public funds, subject to the following:
 - a. The letter of credit (LOC) must be in the format acceptable to the City of Wichita.
 - b. The City of Wichita must be designated as the irrevocable and unconditional beneficiary of the letter of credit.
 - c. The issuer and the depository bank must notify the City Treasurer by certified or registered mail at least 45 days prior to cancellation or the non-renewal of a letter of credit.
 - d. The issuer may not provide letters of credit for any one depository bank in an amount, which exceeds ten percent of the issuer's capital and surplus.

XVII. Competitive Selection of Investment Instruments

As outlined by K.S.A. 12-1675 and amendments thereto, the City's public funds must first be offered to banks, savings and loan associations and savings banks within the city of Wichita. The City will accomplish this by sending written letters to all local financial institutions on a quarterly basis directing them to contact the City Treasurer or Cash Manager if they are interested in submitting offers on City investments. A notice will also be posted on the City's website providing instructions for local institutions desiring to make offers on investments for City funds. Those institutions who indicate a willingness to bid on the City's investments will be placed on a list so that the City may contact them when funds are available for investment.

The Treasurer will include a letter to the Pooled Money Investment Board with the annual application for expanded powers certifying compliance with subsection (c) of K.S.A. 12-1675 which includes a listing of the local financial institutions from which the City requested bids on City investments.

Should the offered rate from local institutions not equal or exceed the "investment rate" as defined by K.S.A. 12-1675a, the City may solicit offers for investments in the State's investment pool or through brokers and dealers.

Each security transaction, other than directly issued instruments, securities in syndicate or specially bid or offered securities, shall be executed through a competitive process involving solicitation of bids or offers from qualified institutions. When purchasing a security, the offer that provides the highest anticipated current and future rate of return and meets the investment objectives of the portfolio shall be accepted. When selling a security, the bid that generates the highest sales price shall be accepted.

XVIII. Staff Qualifications

To establish and implement cash management practices for the City, the City Manager shall establish the position of City Treasurer and Cash Manager within the Department of Finance. The City Manager, Director of Finance and City Treasurer shall adopt and implement procedures and practices for the efficient cash management of all funds held by or belonging to the City of Wichita.

The position of City Treasurer is appointed by the City Manager upon recommendation of the Director of Finance and is responsible for planning, directing and managing the investment programs of the City as outlined by the City of Wichita Pooled Funds Investment Policy and Operating Guidelines. The City Treasurer shall have at least five years experience in investment management, managing banking relationships and/or cash management. Such appointee shall meet the criteria defined by the Personnel Classification Manual included in the exhibits of the Pooled Funds Investment Operating Guidelines.

XIX. Bond of Treasurer

In accordance with K.S.A. 13-526a and Section 2.16.020 of the City Code, the City Treasurer shall furnish a corporate surety bond in the principal sum of one hundred thousand dollars conditioned that he/she will account for all moneys belonging to the City and will faithfully perform the office of Treasurer of the City. Such bond shall be approved by the City Attorney before acceptance and filed with the City Clerk.

XX. Brokers and Dealers

Investment transactions shall only be conducted with qualified institutions, i.e., banks, savings and loan associations and savings banks, the Federal Reserve Bank of Kansas City, Missouri, or with primary government securities dealers which report to the market report division of the Federal

Reserve Bank of New York, or any broker-dealer which is registered in compliance with Section 15C of the Securities Exchange Act of 1934 and registered pursuant to K.S.A. 17-1254, and amendments thereto.

All financial institutions and broker/dealers who desire to become qualified for investment transactions must supply the following as appropriate:

- Audited financial statements.
- Proof of National Association of Securities Dealers (NASD) certification.
- Proof of State Registration.
- Completed broker/dealer questionnaire.
- Business resume of individual assigned to the City's account.
- Certification of having read and understood and agreeing to comply with the City of Wichita's investment policy.

A list will be maintained of approved security broker/dealers selected by credit worthiness and experience. Approved broker/dealers shall have a minimum capital requirement of \$10,000,000 and at least five years of operation. This may include "primary" dealers or regional dealers that qualify under Securities and Exchange Commission (SEC) Rule 15C3-1 (uniform net capital rule).

An annual review of the financial condition and registration of qualified financial institutions and broker/dealers will be conducted by the City Treasurer.

XXI. Safekeeping and Custody

All security transactions entered into by the City of Wichita shall be conducted on a delivery versus payment basis. Securities will be held by either the Federal Reserve Bank or a third-party custodian, designated by the City of Wichita and evidenced by safekeeping receipts.

XXII. Separate Provisions of Policy and Conflicts with Kansas Law

The above policies shall be approved at least annually by the governing body and shall remain in full force and effect until revoked by the Wichita City Council. If after adoption of this policy, should there exist any conflict of this policy with Kansas laws and/or statutes, current law shall dictate.

APPROVED by the Governing Body of the City of Wichita, Kansas, on November 25, 2014.

CITY OF WICHITA, KANSAS

(Seal)

By _____
Carl Brewer, Mayor

Attest:

By _____
Karen Sublett, City Clerk
